

Acrylic Roof Coatings

SUSTAINABLE — High quality products that improves performance and extends to life cycle of an existing roof while providing protection from ultraviolet sunlight.

ENERGY SAVINGS — Highly reflective roof coating delivering long term value to building owners reducing heat on the roof surface and creating a seamless barrier against outdoor elements.

PERFORMANCE — A liquid applied roof restoration brings life back to your roof by lowering energy costs, preventing costly leaks and protecting the building from weather exposures.

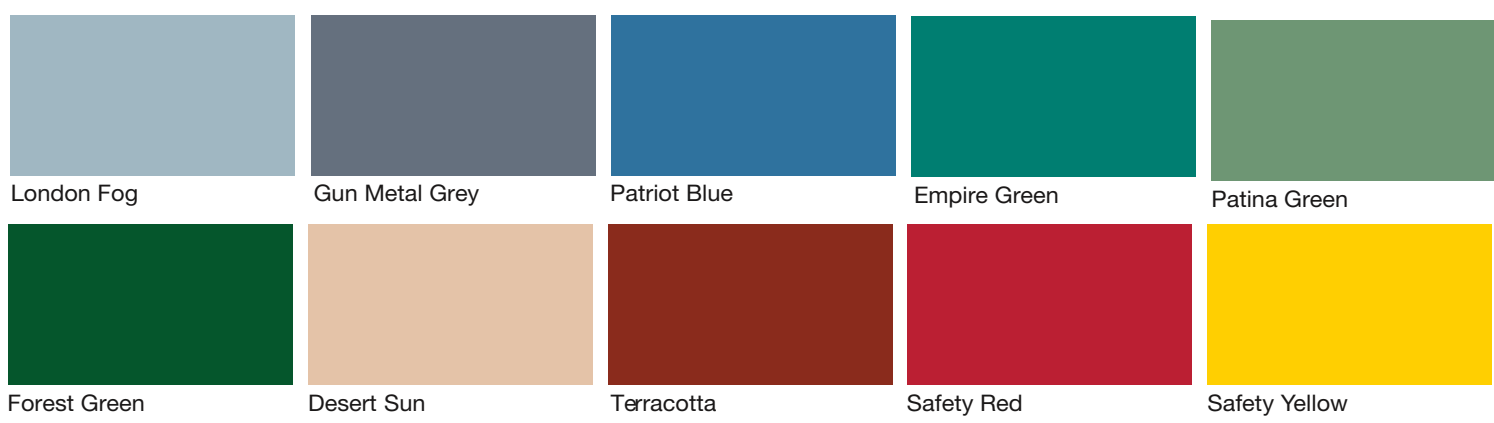

COST EFFECTIVE — Lowering the overall roof life cycle cost and eliminating the need for retrofit, tear-off or full roof replacement.

AldoCoat 400S	Premium Coating	AldoCoat 400S is a high quality water-based elastomeric coating, offered in white or tinted options, that provides long-lasting protection across a variety of roofing surfaces. It helps maintain a cooler roof temperature and enhances the durability of both new and existing roofing systems by protecting against UV degradation and harsh weather conditions.	White	5-Gal	36/pallet	400.05 White
				55-Gal	4/pallet	400.55 White
				250-Gal	1-tote	400.25 White
			Gray	5-Gal	36/pallet	400.05 Gray
				55-Gal	4/pallet	400.55 Gray
				250-Gal	1-tote	400.25 Gray
			Tan	5-Gal	36/pallet	400.05 Tan
				55-Gal	4/pallet	400.55 Tan
				250-Gal	1-tote	400.25 Tan
Semi-Standard & Custom Colors - See details below.						
AldoCoat 374 BASE	Base Coat	AldoCoat 374 BASE is a water-based elastomeric coating, that provides a durable long lasting foundation of protection across a variety of roofing surfaces. It helps come as a gray to easily identify where top coat still needs to be applied.	Gray	5-Gal	36/pallet	374.05 Gray
				55-Gal	4/pallet	374.55 Gray
				250-Gal	1-tote	374.25 Gray

STANDARD COLORS (5-gallon pails, drums or totes - No batch minimum order or packaging restrictions)

SEMI-STANDARD COLORS (Premium added to price, 5-gallon pails - no batch minimum, Drums/Totes - 350-gallon minimum)

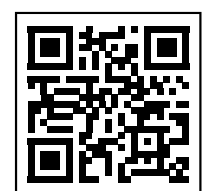

CUSTOM COLORS (Premium added to price, 5-gallon pails, drums or totes - minimum batch of 350-gallons)

IMPORTANT INFORMATION

Longer lead times may occur with Semi-Standard Colors and Custom Colors. Color samples in this chart may not match 100% to their physical color due to printing variances. Contact INLAND if an exact match is required or more information is needed about this product.

PRODUCT INFO

PRODUCT FEATURES

- Resistance to Dirt Pickup
- Sustainable/Recoatable
- Cost Effective
- Water Based
- Low VOC
- Extend Roof Life Cycle
- Reduce Roof Temperature

APPROVED SUBSTRATES

- Metal
- Aged EPDM
- Aged TPO
- Aged PVC
- Smooth BUR (asphalt)
- Smooth & Granulated Modified Bitumen
- Concrete
- New Spray Polyurethane Foam

Product		Description	Color(s)	Unit(s)	Packaging	Product Code
AldoSeal 750	Premium Mastic	AldoSeal 750 is a premium grade white elastomeric mastic with excellent pliability. This product is designed for use on various flashing and detail conditions. It provides great flexibility while maintaining high tensile strength performance.	White	2-Gal	60/pallet	750.02 White
				5-Gal	36/pallet	750.05 White
AldoSeal 750F	Fibred Mastic	AldoSeal 750F is a fibred elastomeric acrylic mastic. This product is designed for use on various flashing and detail conditions. It provides great flexibility while maintaining high tensile strength performance.	White	2-Gal	60/pallet	750F.02 White
				5-Gal	36/pallet	750F.05 White
AldoPrime 710	Rust Primer	AldoPrime 710 is a rust-inhibiting primer specifically formulated to stop the progression of oxidation that leads to rust. It is intended for use on ferrous metal substrates. Compatible with a broad selection of finish coats.	Gray	5-Gal	36/pallet	710.05 Gray
				55-Gal	4/pallet	710.55 Gray
AldoBlock 708	Bleed Blocking Primer	AldoBlock 708 is a low-VOC acrylic primer with asphalt stain-blocking capabilities, formulated to enhance adhesion across a variety of substrates.	Gray	5-Gal	36/pallet	708.05 Gray
				55-Gal	4/pallet	708.55 Gray
				250-Gal	1-tote	708.25 Gray
AldoPrime TPO	TPO Primer	AldoPrime TPO Primer is a VOC compliant, solvent-based primer formulated for application over aged TPO membranes to enhance the adhesion of acrylic, urethane and silicone roof coatings.	Orange	5-Gal	36/pallet	TPO.05 Orange
				55-Gal	4/pallet	TPO.55 Orange
EPDM Cleaner	EPDM Cleaner	EPDM Cleaner is a highly effective cleaner specifically formulated to prepare EPDM membranes.	Light Purple	5-Gal	36/pallet	RP2.05
				55-Gal	4/pallet	RP2.55
RRC-600	Rust Conditioner	RRC-600 is a liquid rust conditioner and converter that effectively prepares rusted metal surfaces for coating.	Clear	5-Gal	36/pallet	600.05 Rust Remover

SPECIAL ORDER ITEMS

Product	Description	Color(s)	Unit(s)	Packaging	Product Code
AldoCoat TE+	High-Tensile AldoCoat TE+ is a premium, high-tensile, water-based elastomeric coating designed for durability. Suitable for use as both a base coat and a topcoat, it offers exceptional tensile strength for enhanced durability to endure a wide range of challenging environmental conditions.	White	5-Gal	36/pallet	TE+.05 White
AldoCoat SB+	Bleed Blocking AldoCoat SB+ is a high-solids, premium grade, water based elastomeric coating designed to reduce bleed through on asphalt substrates. It can be used as either a base coat or a topcoat. It offers excellent resistance to UV exposure and weathering of the roof surface.	White	5-Gal	36/pallet	SB+.05 White
AldoCoat HV	High-Viscosity AldoCoat HV is a high-viscosity, water-based elastomeric acrylic roof coating with exceptional flow and leveling properties. Formulated specifically for hot-dry climates, it offers outstanding reflectivity, shielding roofs from harmful UV rays. Designed to offer excellent wet to dry hiding power, ensuring consistent coverage throughout application and curing.	White	5-Gal	36/pallet	HV.05 White
AldoCoat QS	Quick Set AldoCoat QS is an advanced water-based, quick set, elastomeric acrylic roof coating. Its' fast-drying formula offers early resistance to light rain, helping safeguard the application during unpredictable weather. This product enhances the durability of the existing roof systems, shielding them from ultraviolet rays and weather related elements.	White	5-Gal	36/pallet	QS.05 White
